**Can someone completely cover the book 'The Boy Who Couldn't Sleep and Never Had To' to me ?**

School starts on the 22nd for me, and I haven't been able to finish this book. Can someone give me a complete review, including everything important? I REALLY need this!

AND it's not because I'm slacking. I only got the list of book a month ago, and it took me a while to get the book because the library I live next to is getting work done, and it was on hold already. I've been busy, as well. And I'm no where near a fast reader. I've gotten somewhat through it, but I won't be able to finish it.

Someone please answer this, I have to get this done.
