Recording as an Important Method to Learn Social Work Practice. It is narration of the happenings, a detailed account of the events which go in the narrative recording. A recording that is of inestimable value to the learners of social work methods is process recording. Process is a continuing development involving many changes. It is a series of actions, changes or functions that bring about an end or result.

### **Recording as an Important Method to Learn Social Work Practice**

Social Case Work. Closely linked with these values and principles is the postulate that human behaviour can change. Human history indicates that sages, philosophers, priests and teachers, since times immemorial, had tried to explain human behaviour and to change it. They were only partially successful.
