

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

STICK WELDERS

AC-225

The AC-225 compact stick welder has a broad welding amperage range of 60-225 amps. It includes an extremely powerful AC-225 for welding a wide range of materials including carbon, low alloy, and stainless steels up to 1/8" (3.2mm) thick. Models 18 gauge and Fusion can be easily switched with the AC-225.

Applications include repair and maintenance welding, fabricating of machinery, equipment, building tools or fixtures, build-up welding on worn parts or dies, and building-up tips or worn parts for larger service life. Also for cutting and grinding holes in steel.

Processes	Description
Stick	Output Input

Advantage Lists:

- Easy to install. Comes with attached 6 ft. (1.8m) input power cable and 1/8" (3.2mm) plug.
- Easy to operate. Full range AC-225 amperage switch. Setting any the welding current and electrode on each and every time you weld.
- Traditional design provides long life and low load operation.
- Compact size allows for easy storage and handling.
- Designed and tested to meet all different electrodes, including mild steel, low hydrogen, stainless steel and other electrodes.
- 225 amp AC output is enough for 3/8" (9.5mm) diameter general purpose mild steel electrodes and 5/32" (3.9mm) size of other electrodes.
- Optional carbon arc welding torch for heating and welding applications. For heating tools like for repair, annealing, and for cutting or straightening rods.
- Fans cooled for extra thermal protection.
- Heavy metal mesh bottom supports cables and joints out of the case.
- Positive gear shift for increased durability.
- 1800V class IFT for safety.
- U.S. and CAN/CSA approved for the world.
- 3 year warranty on parts and labor.
- Manufactured under a quality system certified to ISO 9001 requirements.

Unit Includes:

- Insulated electrode holder and cable
- Heavy duty main body and cable
- 1/8" (3.2mm) electrode with holder
- Electrode clamp
- Heavy Duty Switch
- 1/8" (3.2mm) plug (included)
- Heavy mesh
- AC/DC cable includes
- Model 18
- Working Gloves

Recommended General Options:

Shield 60, Carbon Arc Welding Torch

Order:

61102	AC-225	220V/60
61100	AC-225	220V/50
61118	AC-225	220V/60

TECHNICAL SPECIFICATIONS

Part No.	Part Name	Part No.	Input Voltage (V)	Output Voltage (V)	Output Current (A)	Power (VA)	Wt (kg)
61102	AC-225	220V/60	220V/60	60-225	18	1800	18.5
61100	AC-225	220V/50	220V/50	60-225	18	1800	18.5
61118	AC-225	220V/60	220V/60	60-225	18	1800	18.5
